18/9/26

**निदेशक उद्यान–सह–मिशन निदेशक,**
राज्य बागवानी मिशन, बिहार, पटना।

## MINUTES OF TECHNICAL-BID MEETING

Assignment: **E-Tender for Empanelment and Supply of Quality Planting Materials (QPM), including Dragon Fruit, Kinnow, Jackfruit, Guava, Custard Apple, Aonla, Apple Ber, and other notified horticultural crops in Bihar, as approved by the Bihar Horticulture Development Society (BHDS)**

**Date & Time of Technical Bid opening date: 05th August 2026** at 3:30 PM

**Venue :** Office of Director Horticulture cum Mission Director, 2nd Floor, Krishi Bhawan, Mithapur, Patna

**Mode :** Online

A Technical Bid Evaluation meeting on the above assignment was held at 12:30 PM on 17th August 2026 under the chairmanship of the Mission Director, BHDS. A total of twenty bids were opened and evaluated. Of these, all the agencies were found non responsive, against the criteria specified in the tender document. Details are given below:

Analysis

- Cropwise source certificate & mother-block/batch register is mandatory (CQR-1); no dossier/bidder proves a complete chain for all crops claimed.
- Every external-source/authorization arrangement lacks producer's joint and several responsibilities for the bidder (CQR-9).
- Multiple Bihar hardening sites are unproved, are on unregistered long leases, area is inconsistent, proposed plot/area is jointly claimed (CQR-2/CQR-6) etc.
- Seed dealer licences and general tissue-culture recognition do not establish named-variety fruit-nursery competence.
- Total turnover from unrelated activities cannot replace nursery/QPM turnover; complete statutory/bank reconciliation is generally absent.

Crop-wise NHB position—Accreditation only, NOT Qualification

| Bidder | Credentials Submitted for RFP Crop(s) |
|---|---|
| **Rajdhani** | Guava, Aonla |
| **Green Garden** | Guava; Apple Ber/Ber subject to exact variety |
| **Phal Udyog** | Dragon Fruit, Guava; Apple Ber/Ber subject to exact variety |
| **All other bidders** | No, own cropwise, NHB tender coverage established in the supplied record |

Accreditation does not cure missing source/mother records, hardening, capacity, traceability, propagation or other CQRs.

Bidder Dispositions

| Sr. No. | Bidder | NR crop(s) | Reasons |
|---|---|---|---|
| 1 | BRIGHT AGRO | All claimed crops | No own NHB; Kinnow unmapped; incomplete mother records; no CQR-9; hardening tenure unproved; QPM turnover absent/below threshold. |
| 2 | M/s RAJDHANI HORTICULTURE AND SEEDS PRIVATE LIMITED | All | Source/mother forms blank; 6,000 sq m claim vs 1,000 sq ft 5-year unregistered lease; QPM avg ₹1.0845 cr; identity/ROC continuity needs limited clarification. |
| 3 | FARMAGRO EXPRESS VENTURE PRIVATE LIMITED | All | No CQR-9; generic source/mother details; 5,000 sq m vs 20,000 sq ft unregistered lease; turnover average arithmetic is also wrong. |
| 4 | GREEN GARDEN ENTERPRISES | All | External crops lack CQR-9; incomplete mother IDs; exact 1,500 sq ft parcel also claimed by SRL; scale/site mismatch. |
| 5 | CRNTO ENGINEERING CORPORATION | All | Trader/engineering entity; blank source forms; no CQR-9; no nursery hardening proof; no QPM turnover; total avg ₹1.1556 cr. |
| 6 | P K R B TRADING COMPANY | All | NCOH MoU disclaims shared acts instead of CQR-9; cropwise source chain incomplete; QPM turnover not separated. |
| 7 | M/s ADARSH AGRO AND POLY INDIA PRIVATE LIMITED | All | Jackfruit/Custard Apple unmapped; no CQR-9; 15-year unregistered lease; QPM segment unreconciled. |
| 8 | S.S ENTERPRISES | All | No CQR-9; site mismatch; 49-page bundle repeated seven times. |

| Sr. No. | Bidder | NR crop(s) | Reasons |
|---|---|---|---|
| 9 | NACOF | All | Distributor; only Guava/Aonla partly mapped; no CQR-9 or enforceable Bihar hardening proof; QPM turnover needs reconciliation. |
| 10 | SHEEL BIOTECH LIMITED | All | DBT lab/seed licenses not crop wise nursery proof; no CQR-9; incomplete Annexure IX; 2-year unregistered Bihar lease; no QPM turnover split. |
| 11 | PHAL UDYOG NURSERY | All | Own NHB limited to Dragon/Guava/Ber; actual mother/source IDs absent; unsupported crops/propagation; 100% QPM turnover claim unreconciled. |
| 12 | NEWTON PIPE INDUSTRY | All | Pipe business relying on Avadh; no CQR-9; 6-year unregistered lease; QPM avg ₹0.8550 cr; sums labelled averages. |
| 13 | SRL & Co | Dragon & Guava | No CQR-9; Guava source absent; exact hardening parcel also claimed by Green Garden; QPM certificate relies on management declaration. |
| 14 | PIMENTA AGRITECH PRIVATE LIMITED | All | Banana tissue-culture evidence only; no crop wise source/mother records, CQR-9 or existing Bihar hardening site; no QPM turnover split. |
| 15 | GRS BIOPLANTS PRIVATE LIMITED | All | Mother source N/A; 5-year unregistered lease; turnover certificate arithmetic/P&L conflict; 2024-series UDIN on 2026 certificate. |
| 16 | R K MADHU AND WOODEN BOXES | All | Honey/bee/plastic business; source NHB/authorization is not bidder capacity; no CQR-9/title; QPM claim conflicts with P&L descriptions. |
| 17 | Sonam Agrotech | All | Only Guava/Aonla source; all mother/batch IDs blank; no CQR-9; land/stock density implausible; large internal page repetition; no QPM split. |

| Sr. No. | Bidder | NHB (crop coverage) | Evidence | Decision |
|---|---|---|---|---|
| 18 | **V2 Plants Inc.** | None established for any quoted crop | Fails CQR-1, CQR-2 and CQR-9; financial threshold not established | NON-RESPONSIVE • score not reached • do not open financial bid |
| 19 | **Debqee Biotec Pvt. Ltd.** | None established for any quoted crop | Fails CQR-1 and CQR-9; shared-site capacity unresolved; financial certificate arithmetically wrong | NON-RESPONSIVE • score not reached • do not open financial bid |
| 20 | **AgrightAgriproduce India Pvt. Ltd.** | None established for any quoted crop | Fails CQR-1, CQR-2 and CQR-9; QPM turnover far below threshold | NON-RESPONSIVE • score not reached • do not open financial bid |

NR = technically non-responsive on current record. Score: not reached. Financial bid: do not open.

Committee Recommendations

1. Record cropwise CQR failures and 'score not reached'; financial bid shouldn't be opened on the current record.
2. Permit a short, equal clarification of latent ambiguity in already-filed records—e.g., current ROC identity or an unreadable UDIN. No new producer records, CQR-9 deed, mother register, lease or financial proof after the closed bid dates would be considered.
3. Physically verification of shared/area-contested hardening sites is required to check the veracity of claims and risk of false statements.

**PORTAL WARNING**

BHDS has identified duplicated pages, incompatible hardening-area claims, unregistered long-term leases, incomplete producer liability, generic source records and financial figures that do not reconcile arithmetically. Borrowed, altered, fabricated or unverifiable information will receive no evidentiary credit and may make the bid/crop non-responsive. Bidders are warned to ensure that every future submission is bidder-specific, verifiable and fully traceable. This warning does not prejudge authenticity and does not recommend punitive legal proceedings.

In this Technical bid, the twenty agencies/firms participated for empanelment of the agencies for supplying the planting material including Dragon Fruit, Kinnow, Jackfruit, Guava, Custard Apple, Aonla, Apple Ber, and other notified horticultural crops in Bihar. After the evaluation all the agencies have been found to be technically non responsive by the evaluation committee.

The Minutes of Meeting shall become part of the tender document. The meeting ended with vote of thanks.
